

PRESENTATIONS

A GUIDE TO NORC STAFF PRESENTATIONS AT THE 2016 JOINT STATISTICAL MEETINGS

MCCORMICK PLACE | NORC BOOTH #130
CHICAGO, IL | JULY 30 - AUGUST 4, 2016

NORC AT JSM 2016

NORC will be in attendance at the 2016 Joint Statistical Meetings (JSM). This year's meeting will be held in Chicago, Illinois from July 30 to August 4, at McCormick Place. A number of NORC experts and staff are participating in a variety of events, technical sessions, and roundtables, as well as sharing new posters and publications. This year's theme is "The Extraordinary Power of Statistics."

Time	Location	Session ID/Session	NORC Participants
JULY 31, 2016			
2:00 PM - 3:50 PM	CC-W183c	Session 22 - Health Care Panel Surveys: Methodological Challenges Demonstrated Through the Medicare Current Beneficiary Survey and the Medical Expenditure Panel Survey	
		Results of Recent Improvements in the Sampling Design for the MCBS	Whitney Murphy (presenting), Ying Li, Kirk Wolter
		A Demonstration of How to Combine Access to Care and Cost and Use Medicare Current Beneficiary Survey Files for Analysis	Sai Loganathan (presenting), Jennifer Hasche, Sara Darga
4:00 PM - 5:50 PM	CC-W176a	Session 85 - Administrative Records and Data Disclosure	
		Visualizing Mortality Differences in Rural Health	Erin Tanenbaum (presenting), Alana Knudson, Michael Meit, Joanne Brady, Tess Gilbert, Emily Arsen
AUGUST 1, 2016			
8:30 AM - 10:20 AM	CC-W176c	Session 120 - Improving Efficiency and Maintaining High Data Quality: Plans and Early Outcomes for the 2016 Survey of Consumer Finances	
		Session Organizer	Catherine C. Haggerty
		Session Chair	Steven Pedlow
		Using Propensity Scores to Inform Respondent Incentive Escalation	Kate Bachtell (presenting), Catherine C. Haggerty, Shannon Nelson, Steven Pedlow, Katherine Archambeau
		Elusive Respondents: Target Interventions for Challenging Geographic 'Hot-Spots'	Catherine C. Haggerty (presenting), Kate Bachtell, Katherine Archambeau, Karen Veldman, Shannon Nelson, Ella Kemp
		Recalcitrant Respondents, Data Quality Measures, and Mitigation Strategies	Shannon Nelson (presenting), Catherine C. Haggerty, Katherine Burda, Steven Pedlow
		Geographic Distribution and Characteristics of Locked Buildings and Gated Communities: Gaining Access	Katherine Archambeau (presenting), Rebecca Curtis, Kate Bachtell, Steven Pedlow, Catherine C. Haggerty
Within Household Gatekeepers: Overcoming Obstacles to Survey Participation	Micah Sjoblom (presenting), Karen Veldman, Anna Joyce, Katherine Burda, Catherine C. Haggerty, Ella Kemp		
	CC-W183b	Session 122 - SPEED: Statistics in Government and Engineering	
		Using Scores to Identify Small Cells in Tables for Disclosure Deidentification	Stephen Cohen (presenting), Joshua Borton
10:30 AM - 12:20 PM	CC-W192c	Session 161 - IRS's Statistics of Income at 100: New Directions	
		Discussant	Fritz Scheuren
	CC-HallF1 West	Session 197 - Contributed Poster Presentations: Survey Research Methods Section	
		Poster 56: Rapid Response Survey of Blood Donors in Support of Public Health	Shannon McEwen (presenting), Susan Hinkins, Michael Stern

Time	Location	Session ID/Session	NORC Participants
AUGUST 1, 2016 (continued)			
11:35 AM - 12:20 PM	CC-HallF1 West	Session 205 - Contributed Poster Presentations - SPEED: Statistics in Government and Engineering, Part 2B Poster 23: Using Scores to Identify Small Cells in Tables for Disclosure Deidentification	Stephen Cohen (presenting), Joshua Borton
2:00 PM - 3:50 PM	CC-W175c	Session 255 - Advances in Small Area/Domain Estimation Small-Area Estimation Methods for County-Level Vaccination Coverage Rates Using the NIS	Nadarajasundaram Ganesh (presenting), Adrijo Chakraborty, Kennon Copeland, Kirk Wolter, Kathleen Santos, Lin Liu
AUGUST 2, 2016			
8:30 AM - 10:20 AM	CC-W183a	Session 305 - A Roadmap for Promoting Statistical Collaboration <i>Session Organizer</i>	Erin Tanenbaum
	CC-W183b	Session 308 - SPEED: Statistics for Health and Health Policy Social Network Analysis of Health Care Cost: Local Variations Among Medicaid Providers Seeing Diabetic Medicaid Patients in Major U.S. Cities	Shun Zhang (presenting)
	CC-W184a	Session 310 - Improvements in Quality Assurance and Statistical Process Control <i>Session Chair</i>	Erin Tanenbaum
11:35 AM - 12:20 PM	CC-HallF1 West	Session 385 - Contributed Poster Presentations - SPEED: Statistics for Health and Health Policy, Part 2B Poster 23: Social Network Analysis of Health Care Cost: Local Variations Among Medicaid Providers Seeing Diabetic Medicaid Patients in Major U.S. Cities	Shun Zhang (presenting)
2:00 PM - 3:50 PM	CC-W178b	Session 432 - New Approaches in Classification Methods Efficient Sample Strategy for SVM Through Semi-Supervised Active Learning	Yoonsang Kim, Anna Kostygina, Sherry Emery
2:00 PM - 3:50 PM	CC-W183c	Session 436 - Adaptive/Innovative Survey Design and Survey Cost Toward an Adaptive Design for the Survey of Doctorate Recipients	Michael Yang (presenting), Karen Grigorian
AUGUST 3, 2016			
8:30 AM - 10:20 AM	CC-W183b	Session 492 - SPEED: Advances in Survey Research Methodology <i>Session Chair</i>	Kennon Copeland
10:30 AM - 12:20 PM	CC-Hall F1 West	Session 555 - Contributed Poster Presentations - Section for Statistical Programmers and Analysts Poster 19 - Cell Suppression and Risk Measurement Across Multiple Tables	Joshua Borton (presenting)
12:30 PM - 1:50 PM	CC-W375a	Session 571 - Government Statistics Section P.M. Roundtable Discussion Prospects for Using Commercial Data for Federal Statistics	Zachary Seeskin (presenting)
2:00 PM - 3:50 PM	CC-W190a	Session 601 - Expanding Capacity for the Measurement of Sexual Orientation and Gender Identity in Federal Surveys Results from Cognitive Interviews to Assess Items to Measure Gender and Sexual Identity Among English- and Spanish-Speaking Older Adults in Surveys	Stuart Michaels (presenting), Michael Stern, Michael Kozloski
	CC-W192a	Session 602 - Using Demography and Randomized Response Model to Improve Social Science Research <i>Session Chair</i>	Norman Bradburn
		Identifying the Transgender Population in the Medicare Program	Erin Ewald
	CC-W192c	Session 613 - Nonresponse Adjustment and Nonresponse Bias Reduction Methods Are Initial Respondents Different from the Nonresponse Follow-Up Cases? A Study of Probability-Based Web Panelists	Wei Zeng (presenting), Michael Dennis
AUGUST 4, 2016			
8:30 AM - 10:20 AM	CC-W196c	Session 661 - Issues in Estimating and Adjusting for Sampling and Nonsampling Errors Total Survey Error in a National Survey of Influenza Vaccination with Recall Error	Nicholas Davis (presenting), Kennon Copeland, Lin Liu
