We're excited for America in One Room: CLIMATE and ENERGY and hope you are looking forward to the event as well!

You will find important information on this webpage, including the agenda, a link to the briefing materials, and the Step-by-Step Technology Guide. You can also find the virtual meeting links below, which are the same ones you received by email.

AGENDA:

Each meeting will consist of small group discussions and plenary panel sessions with experts. The small group discussions will be on the Deliberation Platform, while the plenary panel sessions will be on Zoom. You and all the other participants will be automatically redirected from the Deliberation Platform to Zoom during each day of A1R. You do not need to do anything for this transition to occur. While there are no scheduled breaks, you are welcome to turn off your camera to take a short break.

The following agenda lists the topics that will be covered each day and the time for each meeting. All times listed first are in Eastern (EST). Please see the information below each day to find out when the meeting will take place in your time zone.

*BRIEFING MATERIALS:
We already sent you the briefing materials earlier this month, but in case you missed that email or want to review the briefing materials again, you can click here to review them. You do not need to read these materials before the event. Still, they may serve as a helpful reference if you are unfamiliar with topics related to climate and energy.

STEP-BY-STEP TECHNOLOGY GUIDE:
You can click here to review the Step-by-Step Technology Guide. We highly encourage you to review this guide even if you already completed the technology training or attended a technology support session.
