

## Exhibit T.1

## Self-Reported Receipt of Flu Shot Among Medicare Beneficiaries Living Only in the Community by Age, 2016-2019

SOURCE: Centers for Medicare & Medicaid Services, Medicare Current Beneficiary Survey, Survey File, 2016-2019.

NOTES: See the Detailed Tables for complete point estimates and standard errors in the Exhibit. For definitions of key terms and information on the construction of measures, see the Appendices. Estimates are presented for beneficiaries who completed only Community interviews during the year. This excludes beneficiaries for whom any Facility interview was completed during the year. Beneficiaries who received a Community interview answered questions themselves or by proxy. Estimates presented are cross-sectional estimates for each data year and do not represent longitudinal trends. Trends are presented for informational purposes only and should not be interpreted as significant population-level changes.
