

Foresight 50+ Omnibus

A New Generation of Research

The Foresight 50+ Omnibus offers an affordable opportunity every month to survey Americans age 50 and older on their views and behaviors. This convenient survey option is part of Foresight 50+, the nation's largest high-quality research panel on the influential 50+ demographic. It combines the consumer expertise of AARP with the scientific rigor of NORC to amplify the voices of the fastest-growing age group in the country.

Cost-Effective, High-Quality, Rapid Results

Foresight 50+ Omnibus is a high-quality, cost-effective solution for quick-turnaround surveys of Americans 50 and over.

Omnibus clients receive survey results from 1,000 50+ adults within two weeks of submitting the questions.

By combining your questions with those of other clients in our monthly survey, you save on costs while obtaining the benefits of a high-quality probability sample.

Secure Valuable Insights

Foresight 50+ Omnibus provides quick-turnaround survey results to help you:

- **Support** public affairs and public release projects
- **Gauge** older Americans' opinions on policy issues, current events, and trends
- **Test** messaging, new product concepts, and advertising campaigns
- **Measure** awareness of brands, programs, and initiatives
- **Track** consumer sentiment about products and services

Sample and Methodology

Foresight 50+ Omnibus is a nationally representative sample of U.S. adults 50 and older and draws from the Foresight 50+ Panel by AARP and NORC at the University of Chicago. Households are selected randomly from NORC's National Sample Frame, representative of 97% of U.S. households.

Foresight 50+ uses U.S. mail notifications, NORC telephone interviewers, and in-person field interviewers to recruit panel households. We follow up multiple times with non-respondents to ensure a panel that represents all segments of America's diverse and evolving 50+ population. Because of this rigorous recruitment, Foresight 50+ surveys achieve the highest response rates of any multi-client research panel.
